

## BOSTON WATER & SEWER COMMISSION SOUTH BOSTON SEWER SEPARATION PROJECT

Contract No. 21-309-012

CWSRF NO. 7012

Report for June 1 through June 30, 2024

### OVERALL PROJECT UPDATE

The Boston Water and Sewer Commission's South Boston Sewer Separation Project involves separating the combined sewer system in South Boston. The purpose of this project is to reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of Combined Sewer Overflows into Fort Point Channel and Boston Harbor. The separation project is being undertaken by the Commission.

The South Boston Sewer Separation Project encompasses an area roughly delineated by Interstate 93 to the west, West Broadway, and West Second Street to the north and east, G Street to the east, and Devine Way to the south. Land use in the project area is characterized by residential neighborhoods; light industrial and large commercial buildings and complexes; small business and retail districts; civic, cultural, and educational facilities; and transportation-related sites.

*Temporary paving on Middle Street*

### CONTRACT 2 UPDATE THROUGH JUNE 30, 2024

Over the month of June, the contractor, working with two crews, completed work at several locations. Completed work includes: water main replacement on Baxter Street from D Street to E Street; water main replacement on E Street from West Seventh Street to Old Colony Avenue; water bypass removal along project area prior to the 4<sup>th</sup> of July holiday; and sewer installation at the intersection of Old Colony Avenue and D Street.

### ONGOING AND UPCOMING WORK

The contractor will continue with storm drain and sanitary sewer installation on E Street, from West Seventh Street to Old Colony Avenue, and water, storm drain, and sanitary sewer installation on D Street from Old Colony Avenue towards West Seventh Street.

*Sewer Manhole on Old Colony Avenue at D Street*
